**Re: LG Pathlab**

Dear LG Pathlab Team

I would like to take this opportunity to thank the LG Pathlab team for the provision of an excellent histopathology reporting service. All the cases were reported within 36 hours with an excellent TAT and the quality of reports was of high standard. The collection and return of slides was done by an efficient courier service with all slides returned in 3 days. I am very impressed with the timely communication of the team and excellent quality of service.

I will have no hesitation in using your service again.

Yours sincerely

 9/12/20
